*"The aim is to balance the terror of being alive
with the wonder of being alive."*

Carlos Castaneda

Dear friends, dear students, dear interested!

Hope you had beautiful Christmas days. I wish you all a happy new year!

Our seminars can help you to progress in your further process of inner development and/ or in your competence as a therapist.

For 2025, we have been able to attract inspiring teachers for our training who will work with you in person and in Zoom.

Experiences in "holotropic" states of consciousness will also be part of our program, of course. Working with people in this states, you need self experience.

To take part in our seminars you need not to be a student of our school. **Guests are welcome!**

**Double Holotropic Breathwork 18. to 21.
February 25**

in Todtmoos/ Germany with Kati Wortelkamp and Mario Lorenzetti

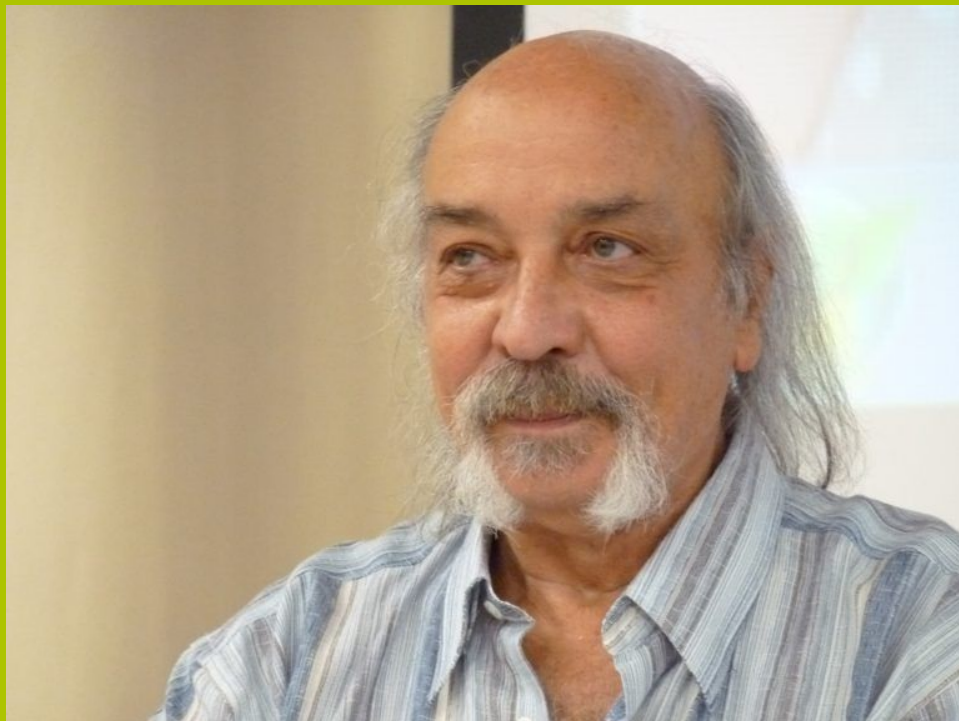

In February we offer 2 days of Holotropic Breathwork with 4 sessions.

This intensive seminar will start Tuesday evening and last until Friday morning.

You have the chance to be two times a breather and two times a sitter.

It will be followed by the seminar with our popular teacher Jure Biechonski, starting on Friday, but it can also be booked separately.

For more informations please press the red button further down in this newsletter.

Seminar 21. to 23. February 25 in Todtmoos/ Germany

We start our seminars in transpersonal skills on the 21st of February with **Prof. Jure Biechonski** from Estonia. He will work with Hypnotherapy and the Inner Child under the title "From Regression to Progression".

Jure works worldwide with his method called "Transpersonal Hypnoanalysis". His focus is on making the material uncovered in therapy usable for everyday life by transforming the belief systems of the persons.

For our students he will deepen and supervise his method in the following Zoom lectures. If you are successful you can get a certificate from his [school](#) in Estonia.

His seminar will also be useful for guests, who want to go deeper on their way to Self-knowledge and hidden issues in their psyche.
